Quick Installation Guide

RNX-AC1900PCE
AC1900 Wireless Dual Band PCI Express Adapter

For more information, please visit our website: http://www.rosewill.com

1 Connect to a Computer

![PCI-E slot](image)

Insert the adapter into your computer by following these steps:
1. Turn off your computer, unplug the power cord and other connected peripheral devices to your computer.
2. Remove the case panel. Locate an available PCI-E slot and remove its slot cover.
3. Carefully insert the adapter into the PCI-E slot and secure it with the retaining screw.
4. Replace the case panel.
5. Reconnect the power cord and turn on your computer.

2 Install Driver and Utility

You can also download the driver and utility at http://www.rosewill.com

A: Insert the CD, browse the resource CD and double-click Setup.exe.

B: The InstallShield Wizard window will appear. Click Next to continue and follow the InstallShield Wizard to complete the installation.

3 Join a Wireless Network

For Windows 10, Rosewill Utility is not supported, please use the Windows built-in Wireless Utility to join a network.

Option 1: Via Rosewill Utility

Select your preferred wireless network from the pop-up utility window and click Connect. The symbol ![ indicates a successful connection.

Option 2: Via Windows Wireless Utility

With the Rosewill Utility closed, you can use the Windows built-in Wireless Utility to join a wireless network.
